

As a citizen of this country and a resident of Indiana I would not want to see a law imposed upon us in Indiana that would not be as effective as our current state law. I'm very please with how well our current law is working. I have only received 3 calls since our Indiana law has been effect compared to the 6 or 7 per week which used to haunt my household. Not having our homelife intruded upon by strangers has been a blessing to us and I do not want to forfeit this protection. Thank you for listening.
